

Pradipta Bagas Yegantara

Malang, East Java | 081259669195 | Pradiptabagas509@gmail.com | <https://www.linkedin.com/in/pradiptabagas> | <https://github.com/PradiptaBagas> | <https://diptaa.vercel.app>

Front-End Developer specializing in React and modern web technologies, with a strong focus on building fast, scalable, and user-centric interfaces. Experienced in delivering real-world projects, including monitoring dashboards and digital platforms. Currently expanding expertise in Web3 and blockchain development (Solidity & Web3.js) to build decentralized applications.

EXPERIENCE

Malang Regency District Public Prosecutor's Office

July 2024 – August 2024

Intern Web Developer Team

- Developed a case monitoring dashboard for the Special Crimes Division of the Malang District Attorney's Office, improving data accessibility and operational efficiency.
- Implemented search, filtering, and real-time update features to enable faster and more accurate data retrieval.

Eltibiz Palangkaraya

February 2024 – July 2024

Intern Initiator and Planner Project

- Design projects according to the needs of the Eltibiz Training Institute.
- Created structured project plans (timeline, budgeting, risk analysis) and ensured execution aligned with defined milestones.

PROJECTS

Shade – Website Development & Brand Implementation

- Developed a responsive website using React with a component-based architecture to ensure scalability and maintainability.
- Translated brand identity into a consistent and modern UI/UX design.
- Optimized component structure and performance to improve efficiency and long-term maintainability.

Shadeart – Digital Art Gallery Platform | <https://shadeart.vercel.app>

- Built a responsive digital art gallery using React and Tailwind, delivering a clean and seamless user experience.
- Developed and integrated an interactive chatbot to boost user engagement and enable real-time interactions.
- Optimized rendering and asset loading to improve performance and reduce load time across devices.

Eltibiz Training Institute Website, Palangkaraya | <https://eltibiz.com>

- Designed and developed the front-end interface aligned with the institution's requirements.
- Collaborated in project planning and execution to ensure delivery matched design and functional expectations.
